Welcome to our place.

Well, another year gone nearly and you have to wonder where it went. Christmas is a only few days away and the best Christmas present right now would be a decent drop of rain.

It's seems crazy that not so long ago everyone was over the rain and now we are crying out for it. Unfortunately, we may be heading into a very dry spell so make sure your water systems are up to scratch. Every drop of water may be needed. Keep an eye on dripping taps, leaking pipes or ballcocks not shutting off properly or poorly set up. We are keeping good stocks of pipe, pipe fittings, irrigation pods and sprinklers to be there when you need them.

Don't forget to take time out with family and friends this month. It's easy to get caught up in our-

selves and what we do each day. Take stock and enjoy what we have today. Have a safe and awesome Christmas and enter the New year with a smile and a spring in your step!

Wanganui Business launches "world's first" life jacket design.

Wanganui business, Sales Pitch Ltd has designed a new 2 in 1 style of life jacket for the recreational boating industry, which is being launched on the NZ market this Summer.

It is made of neoprene which is superior to cheaper nylon jackets, as neoprene is more comfortable to wear, is more buoyant, provides thermal warmth, and lasts longer. These attributes have always made neoprene water sports vests more expensive at around \$149 - \$199 ea.

But its unique design lies in the fact that it has a zip off buoyancy collar. So it doubles as a sports vest without the collar and with the collar zipped on, it becomes a safer and more buoyant boating life jacket.

The original Safe-haNZ brand and "Taupo" model as it is called; is available in 4 adult sizes: medium, large, XL and 2XL. The colour scheme is a stylish and bright red, black and grey combo.

The "Taupo" 2 in 1 life jacket is manufactured to International ISO12402 standards – accepted by Maritime NZ as an acceptable safety standard to be sold in NZ. In future the range will be developed to incorporate children's sizing and also a kayak style vest.

Hope quotes

Only in the darkness can you see the stars.

Hope sees the invisible, feels the intangible, achieves the impossible.

He who does not hope to win has already lost.

When you have exhausted all possibilities, remember this: You haven't. - Thomas Edison

The greatest healing therapy is friendship and love. - Hubert Humphrey

I am not what has happened to me. I am what I choose to become.

I have the courage to fail; yet the determination to succeed.

Why not go out on a limb? That's where the fruit is.

Out of suffering have emerged the strongest souls; the most massive characters are seared with scars. - Kahlil Gibran

Car stuff

"The one thing that unites all human beings, regardless of age, gender, religion, economic status, or ethnic background, is that, deep down inside, we all believe that we are above-average drivers."

It takes 8,460 bolts to assemble an automobile, and one nut to scatter it all over the road

The best car safety device is a rear-view mirror with a cop in it

Never drive faster than your guardian angel can fly.

When buying a used car, punch the buttons on the radio. If all the stations are rock and roll, there's a good chance the transmission is shot.

Driving a brand new car feels like riding around in an open billfold with the dollars flapping by your ears as they fly out the window.

I'm all about sharing the road

with other drivers—as long as they use the part that's behind me.

Anyone driving slower than you is an idiot, and anyone going faster than you is a maniac.
