Welcome to our place.

One more month and we are officially in summer. This is part of the year that has everything going for it. The days are getting warmer, daylight saving has begun and Spring has given us a show with blossoms and new growth.

Cropping is in full swing with paddocks getting prepared for summer feed crops. This year we are being told it will be a long and hot summer but only time will tell there. Rain is now welcome and we have had some nice falls of late.

I had an eight day holiday in Rarotonga last month with the family and it was wonderful. I had never been there and thoroughly enjoyed the warm weather, snorkelling and sightseeing around this tiny island. Being only 32km approx around the perimeter

it does not take long to see it all! Lots of fun on the scooters too, zipping here and there. If you're looking for a neat relaxing spot to kick back it's a great place to go.

Check out the specials this month. We have something for everyone.

Keep water supplies under close observation and well maintained as the dry could catch you out. It's good to keep plenty of spare fittings on the farm for that leaky surprise!

Have a great October and see you in the shop.
