Water
Dairy
Cattle
Sheep
Crayfish
Armadillos

Welcome to our place...

Greetings. We are into the second month of Autumn and the weather has been unduly warm and settled. Rain has been scarce over the last month with the odd little shower coming through. Not very good for pasture growth but Facial Eczema has been incredibly bad with the high temperatures and moist morning dews. Spraying and Zinc bullets have been a must and please keep an eye on the spore counts as they are still dangerously high.

Our annual stock take is just around the corner again and will be held on Friday 31st May. Over the next two months we will be clearing older stock at some very reasonable prices so look out for those deals. Stock take is always a good time to tidy up the store and start fresh. Thankfully it's only once a year!

Check out our hot specials!

Cheers from Scott, Angela, Debbie and Dean

Pasture and Crop renovation this Autumn

If you're thinking about renewing pasture this Autumn look no further than Wanganui Farm Supplies. We have access to all the main pasture cultivars from perennial, short and long rotation, Italian and annual ryegrasses, clovers and many specialty seeds such as brassicas and Fodderbeet. If you name it, we can get it!

We've had great success with Seed Forces' new perennial heavyweight ryegrass SF Hustle, the proven Italian ryegrass SF Indulgence and the Annual ryegrass SF Sultan. Clovers such as SF Quest, SF Narrikup and SF Rossi are all performing brilliantly. Those who have used these products have

been very happy with the results and are happy to continue using them in their pasture renewal programme.

Correcting any problems such as soil fertility, pests, and drainage before sowing will give seed the best chance of thriving and ultimately improving production. Good forward planning is essential for good results.

Call Bruce Baldwin, or Scott Morpeth for more information.

GoodNature Possum and Rat/Stoat traps

Possum A12

Rat/Stoat A24

The A12 and the A24 is the cleanest and most humane way to control possums, rats and stoats and it's easy for everyone to use.

It's safe around your pets but kills the target animal instantly and resets itself straight away. Our long-life lure is toxin free so there's nothing nasty left in the environment or for your dog to eat. It's for your backyard, no matter how big.

Patented self-resetting technology. Easy to install and maintain. Contains no toxins. Long-life lures. Targeted and humane (A-Class possums). Multi-award winning design. New Zealand designed and made.

Specials available from 1st April–30th April 2021
