Having a quiet one in front of the telly

Welcome to our place.

It's officially Winter. Wow, it comes around all too soon. Hopefully everyone is getting ready for what I believe will be a very cold crisp winter like in the old days. Our last two summers have been hotter and dryer and I'm thinking the trend will be colder winters. Just my thoughts based on no scientific fact whatsoever...but, keep good stocks of firewood...we'll need it.

Stock take has come and gone so glad that's over. Thanks to all involved and our clients who understand what we have to do. Stock counts are invariably different to what the computer says due to 'Human' intervention. If we sold nothing, and didn't touch the computer it would be spot on every year!

The Lifestyle Farmers Club inaugural gathering was a great success and we had a very good turnout of small

block owners. Discussion was on internal and external parasites and how to control them, yard design to pen animals needing attention and drenching, followed by a barbecue! Thanks to Andrew and Jane Toy for hosting the event and making the meeting such a success.

Mystery Creek Field days are on next week from 12th to 15th in Hamilton and I will be attending on the Gallagher stand for a few days. Hope the weather holds. Will probably see a few locals up there so look forward to that.

Have a great June from Scott, Dean, Ang and Deb

Awesome In-Ex sprayers and spreaders.

Talk to us about what best suits your needs and budget

Specials available from 1st June - 30th June 2021
